Allowable Subject Matter

1. The following is an examiner's statement of reasons for allowance:

The present optical compensation plate comprises an optical compensator layer and an anti-cracking layer. The optical compensator layer is a cholesteric layer produced from a liquid crystal monomer (selected from formulae 4-19) and a chiral dopant (selected from formulae 19-44) and an anti-cracking layer. The anti-cracking layer containing a moisture-curing isocyanate (selected from hexamethylenediisocyanate or 1, 3-bis(isocyanatomethyl)cyclohexane) has a glass transition temperature below 100 °C. See the Examples and Comparative example in the present specification for the comparison. The prior art fails to disclose the present novel compensation plate.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Shean C. Wu whose telephone number is 571-272-1393. The examiner can normally be reached on 9:30 AM to 6:00 PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Mark Huff can be reached on 571-272-1385. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see http://pair-direct.uspto.gov. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free). If you would like assistance from a USPTO Customer Service Representative or access to the automated information system, call 800-786-9199 (IN USA OR CANADA) or 571-272-1000.
